

# DELHI RETINA MEET 2018

**1st & 2nd September, 2018**

Hotel Holiday Inn, New Delhi

**Delhi  
Retina  
Forum**

*We Share & Learn, We Discuss & Evolve*

## Invitation

It is our pleasure and privilege to invite you to the Delhi Retina Meet 2018, organized by Delhi Retina Forum on 1st & 2nd September, 2018 at Holiday Inn, Aerocity, New Delhi.

Forum once again brings you an exciting and learning experience from a scientific program that features didactic lectures, panel discussions, debates & video presentations by world renowned experts sharing their experience and talking about the newer technologies.

Overall, it will be an excellent opportunity for the newer entrants to know and learn these advanced and patient friendly techniques. At the same time, this conference will allow the surgeons to update their knowledge and hone their skills to even more perfection and allow a two-way interaction for delegates and faculty who candidly share their experiences, discuss problems and learn from each other's tricks and mis-adventures.

Once again this year workshop provides a great opportunity to add another technique to our armamentarium. Watch this space for more details...

Delhi, a true mega polis city with over 16 million population, is well known for its history, culture and cuisine. Presently, the city blends the ancient history with the modern architecture with high rise buildings, green and wide avenues and the ever-bustling traffic. New Metro connects the international airport to the city and the conference Venue - Aerocity is 10 minutes' drive from Airport.

We look forward to welcome you all in Delhi and urge you to mark your calendar.

## International Faculty

**Dr. Ehab N El Rayes**  
Egypt

**Dr. Patricio Schlottmann**  
Argentina

**Dr. Rupesh Agrawal**  
India

## National Faculty

Dr. Anand Rajendran

Dr. Avinash Pathengey

Dr. Dhananjay Shukla

Dr. Giridhar

Dr. George Manyath

Dr. Jatinder Singh

Dr. Jay Chhablani

Dr. Mahesh Shanmugam

Dr. Manish Nagpal

Dr. N S Muralidharan

Dr. Parveen Sen

Dr. Unnikrishnan

Dr. V Saravanan

## Host Faculty

Dr. Ajay Aurora  
Delhi

Dr. Avminder Gupta  
Delhi

Dr. Cyrus Shroff  
Delhi

Dr. Dinesh Talwar  
Delhi

Dr. H S Trehan  
Delhi

Dr. Manisha Aggarwal  
Delhi

Dr. S N Jha  
Delhi

Dr. Amit Khosla  
Delhi

## Core Group

Dr. Daraius Shroff

Dr. Deependra V Singh

Dr. Rajeev Jain

Dr. Ritesh Narula

Dr. Shashank Rai Gupta

Dr. Somendra P Chaudhary

## Introduction

**Dr. Ehab N El Rayes**

*Egypt*

DR El Rayes is Professor of Ophthalmology, Institute of Ophthalmology in Cairo .He received his medical degree with honor from Ein Shams University. He completed his Ophthalmology training and residency in Cairo University hospital. Dr El Rayes had his master degree in Ophthalmology from Cairo University after which he joined the Associated Retinal Consultants with its great faculty in Royal Oak Michigan for his vitreoretinal fellowship in1993. He also had a year of research fellowship in Research Eye Institute, Oakland University, Rochester Michigan, U.S.A 1994. He received his Ph.D. degree in 1995.

Dr El Rayes is on faculty in the Institute of Ophthalmology in Cairo, joining and participating as primary investigator in clinical trials nationally and internationally, with special interest in diabetic retinopathy, retinal detachment and pediatric retinal surgery. Serves as a vitreoretinal surgeon in the Retina service in the eye institute hospital, International Eye Hospital . He is an innovator of the 23 g fragmatome as well as the innovator of the suprachoroidal surgical techniques and product line. He is a founder of the Arab African Society of Retina Specialists (AASRS), Member of the American Academy of Ophthalmology (AAO),Member of the Association for Research in Vision and Ophthalmology (ARVO),Member of the European Vitreo Retina Society (EVRS),Member of the American society of Retina Specialists (ASRS),Member of the Egyptian Ophthalmological Society, Member of the Club Vit.,Member of the Pan Arab, African Ophthalmological Council. He is the liaison leader for the American society of retina specialists serving Africa and middle east. He receive Amin El Maghraby award: Egyptian Ophthalmologic Society Meeting 2001. International education award: American Academy of Ophthalmology 2010. International scholar award: American Academy of Ophthalmology. Honor Award: American Society of Retina specialist 2011 and the Senior Honor Award: American Society of Retina specialist 2014:American Academy of Ophthalmology achievement award2015. As of today Dr El Rayes is a professor in the institute of Ophthalmology , sharing with his colleges teaching and fellow training , publications ,journal reviews , Book chapters and executive committee for a number educational and research committees.

## Introduction

**Dr. Patricio Schlottmann**  
Argentina

He is currently practising as Retina Specialist and Ophthalmology Director at Organizacion Medica de Investigacion (Medical Organization of Investigation), Buenos Aires, Argentina.

He completed his graduation and post-graduation in Buenos Aires, Argentina. Subsequently, he went on to do his Ophthalmology Research Fellowship at the prestigious Moorfields Eye Hospital, London.

He completed a Clinical Trials Design course from London School of Hygiene and Tropical Medicine. He has been a Principal Investigator in 14 global Clinical Trials (Phase III) in Wet AMD, DME, Imaging, Uveitis, GA, etc. Some of these include RISE / RIDE, VIEW – 2 and OPH1003 (FOVISTA).

He has close to 30 publications to his credit including Long-term Outcomes of Ranibizumab Therapy for DME: 36-month results from two phase III trials: RISE and RIDE.

## Introduction

**Dr. Rupesh Agrawal**  
India

Dr Rupesh Agrawal, is practising as Consultant Ophthalmologist at National Healthcare Group Eye Institute, Tan Tock Seng Hospital, Singapore. After completing his medical studies from Nagpur, he did his post-graduation and fellowship in Uveitis and Ocular trauma from Sankara Netralaya, Chennai. He was subsequently working as Consultant Ophthalmologist (Uveitis, Ocular Trauma and Cataract) at Shri Ganapati Netralaya, Jalna. He also worked briefly at L V Prasad Eye Institute before migrating to Singapore in 2009. Subsequently he is working in Singapore and has been involved in significant translational and basic science research projects. He completed his overseas research training fellowship – awarded by National Medical Research Council Scholarship, Ministry of Health, Singapore at University College London on retinal imaging using retinal leukogram and erythrogram projects. He is also working on mechanical properties of the red blood cell and its implications in microvascular disorders. As a visiting Professor, he also had an opportunity to work with Prof Carlos Pavesio and accomplished numerous research projects at prestigious Moorfields Eye Hospital, London, UK. He has done Global Scholars Research Training from prestigious Harvard Medical School. His areas of interest are Ocular inflammatory disorders including cytokines, ocular tuberculosis and HIV, complex cataract, ocular trauma, ocular nanotechnology, blood corpuscular abnormalities in context of microvascular disorders and retinal imaging. He is also trying to look at 'Choroidal Vascularity Index' based on choroidal imaging using optical coherence tomography. He has published extensively on ocular inflammation and ocular trauma in peer reviewed journals and has presented numerous free papers and delivered lectures on Ocular trauma and Uveitis both nationally and internationally. He has to his credit 150+ peer reviewed publications and 50+ book chapters. He is actively involved in numerous collaborative projects on uveitis. He is recipient of many grants for numerous basic science projects pertinent to ocular inflammation. He is currently secretary of International Society of Ocular trauma. He has been recipient of many awards and research grants. He was also conferred with Healthcare Humanity Award by President of Singapore in 2011 for his humanitarian and pro bono projects in remote areas of the world. He is also involved heavily in charity projects across Asia.

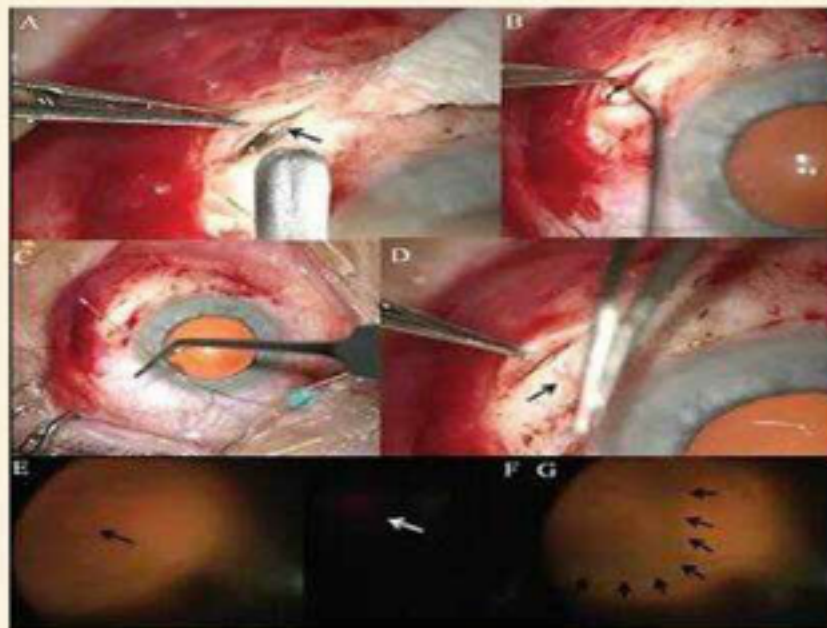

# DELHI RETINA MEET 2018

1st & 2nd September, 2018 | Hotel Holiday Inn, New Delhi

## Pre-Conference Workshop on SURGERIES IN SUPRACHOROIDAL SPACE

Date: 1st September, 2018  
Time: 10:30 am-12:00 noon

by

Dr. Ehab N El Rayes

# DELHI RETINA MEET 2018

1st & 2nd September, 2018 | Hotel Holiday Inn, New Delhi

Delhi

Forum

We Share & Learn, We Discuss & Evolve

## Session-1

Dissection Room (Topic: Re-Surgeries)

1st September | 1:30PM-3:30PM

### PANELISTS:

Dr. Ehab El Rayes, Dr. Cyrus Shroff, Dr. MP Shanmugam,  
Dr. Manish Nagpal, Dr. V Saravanan, Dr. NS Muralidhar

### MODERATORS:

Dr. Shashank Rai Gupta & Dr. Daraius Shroff

1. Buckle Revision
2. Mx of Re-opened or Failed Macular Holes
3. Management of Re-Proliferation after Diabetic Vitrectomy
4. Management of Failed RRD with PVR
5. Re-Surgeries under Si Oil
6. Role of Densiron in Re-Surgeries

Dr. Mahesh Shanmugam  
Dr. Ehab El Rayes  
Dr. V Saravanan  
Dr. N S Muralidhar  
Dr. Manish Nagpal  
Dr. Cyrus Shroff

For further details please log on to  
[www.delhiretinameet.com](http://www.delhiretinameet.com)

Re-Surgeries poses one of the greatest challenges to VR Surgeons. While at times it can be most rewarding and gratifying, sometimes it can be equally disappointing to both surgeons and patients.

“There are multiple ways to skin the cat”.  
That is what we try to learn at our DISSECTION ROOM

## Session-2

### Grand Rounds (A Session on Challenging Cases)

1st September | 4:00pm-5:30pm

#### PANELISTS:

Dr. Raja Narayanan, Dr. D.Shukla, Dr. A. Pathengey,  
Dr. P. Schlottman, Dr. Parveen Sen, Dr. A. Giridhar

#### MODERATORS:

Dr. Ritesh Narula & Dr. SP Chaudhary

Keynote: Toxoplasma the great masquerader and how to tame It

1. CHOROIDAL TUMOUR: subtle clues not to miss
2. Sudden Vision Loss following intravitreal Anti-VEGF (Ranibizumab)
3. Is it PEVAC?
4. Retinal Detachment with Choroidal Detachment - Drainage dilemmas
5. A sublime tragedy of an optic disc pit

Dr. Avinash Pathengey

Dr. Bikramjit Pal

Dr. Raji

Dr. R. Narayanan

Dr. Jatinder Singh

Dr. George Manyath

For further details please log on to

## Session-3

What Next? (A session on Surgical Complications)

2nd September | 6:00-8:00pm

### PANELISTS:

Dr. Ehab El Ryaes, Dr. Mahesh Shanmugam, Dr. Manish Nagpal,  
Dr. Ajay Aurora, Dr. V Saravanan, Dr. Avninder Gupta

### MODERATORS:

Dr. Deependra V Singh & Dr. Rajeev Jain

### What would you do Next if you face this?

- |   |                       |
|---|-----------------------|
| 1. Unusually Large FB embedded deep in Sclera                                       | Dr. Shubhendu Boral   |
| 2. Subfoveal PFCL   | Dr. SP Tiwary         |
| 3. Combined Mechanism RD taking an unusual turn                                     | Dr. Vinod Aggarwal    |
| 4. Encounter ERM while operating a case with Globe Perforation<br>- To peel or not? | Dr. Rakesh Juneja     |
| 5. Encounter a Humungous Intraocular Foreign Body                                   | Dr. Shubhendu Boral   |
| 6. Macular Hole following Surgery for Optic pit maculopathy                         | Dr. Rohan Chawla      |
| 7. Jammed Instruments leading to retinal breaks at port site                        | Dr. Alok Sen          |
| 8. Suprachoroidal bleed during PPV -to drain or not?                                | Dr. Deependra V Singh |
| 9. Macular tear during maculorhexis- Gas or Oil?                                    | Dr. Rajeev Jain       |
| 10. "Challenging surgery for bilateral FEVR - Uncomfortable tears and holes"        | Dr. Vishal Aggarwal   |

For further details please log on to  
[www.delhiretinameet.com](http://www.delhiretinameet.com)

Every VR Surgery is unique - done for so widely varying disease conditions.  
This makes intraoperative challenges also very unique and unpredictable  
This Session would address some of these intraoperative challenges during  
VR Surgery.

# DELHI RETINA MEET 2018

1st & 2nd September, 2018 | Hotel Holiday Inn, New Delhi

## Session-4

### Prove Your Point

2nd September | 8:00-9:30 am

#### PANELISTS:

Dr. NS Muralidhar, Dr. Dinesh Talwar, Dr. Praveen Sen,  
Dr. A. Pathengey, Dr. Rupesh Agrawal, Dr. SN Jha

#### MODERATORS:

Dr. Deependra V Singh & Dr. SP Chaudhary

**Keynote:** Ocular Tuberculosis -A conundrum

1. Smartphone based photography in ROP-a win win for everyone
2. "Biologicals" in Paediatric Uveitis
3. Anti-VEGFs do have role in Subfoveal NSD (without CNVM) in MACTEL
4. Sandwiching Inferior RRDs
5. Multimodal Imaging is now indispensable before ERM Surgery

Dr. Rupesh Agrawal

Dr. Anubhav Goyal

Dr. Amit Khosla

Dr. George Manyath

Dr. Jay Chhablani

Dr. Anand Rajendran

For further details please log on to  
[www.delhiretinameet.com](http://www.delhiretinameet.com)

Vitreoretinal specialty keeps on evolving fast and VR Surgeons are often looking "beyond conventional" to improve outcomes or to provide safer treatments to their patients.

This session brings such unconventional treatments or surgical approaches that are used by our innovative retina colleagues.
