

DELHI RETINAMEET 2020

VIRTUAL
4-6 SEPTEMBER, 2020

INVITATION

*Delhi Retina Forum (DRF) is deeply committed to the wellbeing and safety of our communities during the COVID-19 pandemic. As you are aware that due to unprecedented developments and the risks, the much-awaited physical meeting of our retina colleagues and forum members, the **Delhi Retina Meet 2020** has been cancelled.*

*While we are disappointed in missing the great opportunity to meet all of you in person, we are pleased to present **Delhi Retina Meet 2020-Virtual** which will take place on the **September 4th to 6th 2020** to ensure that we don't miss our learning and exchange of ideas on our own Platform, **Delhi Retina Forum**.*

Delhi Retina Forum was initiated with a belief that there is a "Fellow" and "teacher" inside each one of us. A platform was needed where retinologists in practice and institutes would shed their inhibitions and discuss their unexpected failures, miraculous escapes, puzzling concepts and innovative ideas in Vitreo-retina, candidly without worrying about looking "less than perfect" and with a zeal to improvise by sharing and debating.

Notwithstanding the constraints of a Virtual meeting, the core team has tried to retain the flavor of Delhi Retina Meets. Meeting is loaded with its popular sessions like "Grand Rounds", "Prove Your Point", "Dissection Room" and "What Next?" and our trademark "Pre-Conference Workshop".

Over last 5 years, we have initiated some new trends in our conferences, which has been liked by one and all and emulated by others over time. We have been able to bring International Faculty who have added a new perspective, new technique and new knowledge.

DRM 2020 Virtual has been planned with same vision and thanks to all the learned faculty and speakers we look forward to a great Virtual meeting this year.

DRF looks forward to yet another opportunity to learn, engage, and collaborate with all of you.
